Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Wednesday 10 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry with sunshine Thursday morning. Cloudy with rain later.

This Evening and Tonight:
Dry with lengthy clear spells through the evening and overnight, although some cloud is possible at first in southern parts. A generally chilly night, with a risk of frost and some mist or fog patches, especially in rural spots. Minimum temperature 2 deg C (36 deg F).

Thursday:
Dry with plenty of sunshine to start, and any early mist clearing. Cloud thickening through the afternoon with occasional outbreaks of rain into the evening and a strengthening wind. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:
Wet and windy Friday. Winds easing into the weekend, but cloudy for most with outbreaks of light rain or drizzle, and some fog moving in from the North Sea.
